The second edition of EXPOESU, an exhibition organized by the ministry of High Education in D.R. Congo, started on 11th June 2011. The project 601 "Science training Laboratory using ICTs" funded by British Council/DEIPHE Programmes has been again invited and is present like last year. New products like Virtual Labs and COMON-games developed since 2 years and used by pupils and students in Kinshasa are presented. The Ministry of High Education is one of many visitors.
